

# TREMOL EP01 with automatic cutter

TREMOL EP01 has very high speed printing mechanism which makes it one of the fastest printers of Tremol. It has been modified as a POS printer since it has good positions as a fiscal device. It can be equipped with automatic cutter, which defines as well the higher printing speed. High standard device designed and manufactured by Tremol. Suitable for all types of POS equipment and one of most cost effective on the market.
