TREMOL SP01

TREMOL SP01 is an intelligent, all-in-one solution that combines a computer-based fiscal cash register (ECR) with contactless card payments via SoftPOS applications and all the convenience of the Android operating system. It is suitable for a wide range of businesses, including retail stores, supermarkets, boutiques, HoReCa establishments, and mobile commerce. The device complies with the latest requirements of Regulation No. H-18 issued by the Ministry of Finance of the Republic of Bulgaria.

TREMOL SP01 offers the following key advantages:

- Intuitive Android interface;
- 5.5-inch HD touchscreen;
- Wireless connectivity;
- Contactless card payments via SoftPOS applications;
- Ability to install additional specialized software;
- Periodic detailed reports on turnover and sales.

Characteristics

Operating system	Android 14
Processor	Octa-Core Processore 2.0 GHz
