# TREMOL SP04

**TREMOL SP04** is a desktop computer-based fiscal cash register (ECR), designed for high-traffic checkout areas as an All-in-One POS solution. It combines a 10-inch IPS display, customer display, high-speed thermal printer, contactless card payments via SoftPOS applications, and Android OS.
**TREMOL SP04** is suitable for retail environments such as supermarkets, retail chains, restaurants with dedicated checkout areas, self-service systems, and more.
The device supports contactless card payments and offers 4G, Wi-Fi, and Bluetooth connectivity, allowing it to adapt to a wide range of business processes and working environments.
**TREMOL SP04** allows the installation of additional specialized software to meet specific business needs.
Compliant with the latest requirements of Ordinance No. H-18 of the Ministry of Finance of the Republic of Bulgaria.

## Characteristics
